SPONSORSHIP OPPORTUNITIES

The European Congress attracts industry leaders from Europe and beyond for three days of networking, information sharing, and executive-level education. These gatherings help suppliers and operators drive their businesses forward and positively impact the customers they serve.

The Congress is viewed as a must-attend event for top health club and studio executives and operators throughout the European markets. This year, the European Congress will be held 21-23 October 2024, in Barcelona, Spain.

The Health & Fitness Association is working closely with the host partner, MAS (Management Around Sports), the Health & Fitness Association Europe Council, national leaders, and federations to make the event a special occasion for all.

Simultaneous interpretation of sessions will be offered in Spanish, Portuguese and French. Additional languages may be added pending attendance.

Event Structure

The European Congress will consist of three components:

1. A series of executive and management-level networking and business sessions.
2. A Supplier Marketplace open to all Congress attendees, providing maximum interaction throughout the event.
3. A variety of social events designed to enhance networking, facilitate interaction, and encourage the development of professional relationships between sponsors and attendees.

ABOUT Barcelona

Barcelona is one of Europe's trendiest cities, offering a wide range of unique leisure activities that beg visitors to return time and again. Overlooking the Mediterranean Sea and famous for Gaudí and other Art Nouveau architecture, this hub of culture, fashion, and cuisine embraces the creativity of its artists and designers while respecting local traditions. In Barcelona, the charm and slower pace of the old town combines with a fast pace and avant-garde vibe of modern neighborhoods to create one of the world's most visited cities.

"The Health & Fitness Association European Congress is a must-attend event for anyone seeking to stay at the forefront of the European fitness industry.

The congress consistently provides a unique and valuable opportunity for interactive learning, exceptional networking and insightful sessions and speakers.

It is an event I look forward to annually!"

– David Van Daff, Director of Global Industry Development
National Academy of Sports Medicine (NASM)

MARKETING

The Health & Fitness Association is intent on attracting maximum event attendance by marketing the event to our members and others through the following measures:

- **Online marketing** on the event website, the European Congress Event App, and social networking sites.
- **Club Business International** magazine advertising and editorial.
- **Promotional ads** and/or editorial in media partner magazines.
- **Marketing assistance** from partners and allied European trade organizations.
- **E-mail announcements** in newsletter and other digital communications.
- **Distribution of digital marketing materials** to confirmed sponsors for their customers.
